(1) Reflects the capital contributions of investors in the fund, net of any distributions to such investors of uninvested capital.
(2) Excludes Oaktree segment incentive income recognized since inception.
(3) Reflects the amount the fund needs to distribute to its investors as a return of capital and a preferred return (as applicable) before Oaktree is entitled to receive incentive income (other than tax distributions) from the fund.
(4) The internal rate of return ("IRR") is the annualized implied discount rate calculated from a series of cash flows. It is the return that equates the present value of all capital invested in an investment to the present value of all returns of capital, or the discount rate that will provide a net present value of all cash flows equal to zero. Fund-level IRRs are calculated based upon the actual timing of cash distributions to investors and the residual value of such investor's capital accounts at the end of the applicable period being measured. Gross IRRs reflect returns before allocation of management fees, expenses and any incentive allocation to the fund's general partner. Net IRRs reflect returns to non-affiliated investors after allocation of management fees, expenses and any incentive allocation to the fund's general partner.
(5) Calculated as Drawn Capital plus gross income before fees and expenses divided by Drawn Capital.
(6) The fund was managed by certain Oaktree investment professionals while employed at the Trust Company of the West prior to Oaktree's founding in 1995. When these employees joined Oaktree upon, or shortly after, its founding, they continued to manage the fund through the end of its term pursuant to a sub-advisory relationship between the Trust Company of the West and Oaktree.
(7) Aggregate IRRs based on conversion of OCM European Principal Opportunities Fund II, L.P. and Oaktree European Principal Fund III, L.P. cash flows from Euros to USD at the December 31, 2012 spot rate of \$1.3184.
(8) The IRR is not considered meaningful ("nm") as the period from the initial contribution through December 31, 2012 is less than one year.
(9) Due to the differences in allocations of income and expenses to this fund's two primary limited partners, the United States Treasury and Oaktree PPIP Private Fund, L.P., a combined net IRR is not presented. Of the \$2,322 million in capital commitments, \$1,161 million relates to the Oaktree PPIP Private Fund, L.P. The gross and net IRR for the Oaktree PPIP Private Fund, L.P. were 27.1% and 19.8%, respectively, as of December 31, 2012.
(10) The United States Treasury incurs management fees for the Oaktree PPIP Fund, L.P., paid quarterly in arrears, based on their Interest Value as of December 31, 2012. Limited Partners of the Oaktree PPIP Private Fund, L.P. incur management fees based on Invested Capital as of December 31, 2012 totaling \$210.4 million, paid quarterly in advance.
(11) Represents amounts related to the Oaktree PPIP Private Fund, L.P. only.
(12) The fund's partnership interests are divided into Class A and Class B interests, with the Class A interests having priority with respect to the distribution of current income and disposition proceeds. Net IRR for Class A interests is 10.7% and Class B interests is 10.1%. Combined net IRR for the Class A and Class B interests is 10.4%.
(13) The fund's partnership interests are divided into Class A and Class B interests, with the Class A interests having priority with respect to the distribution of current income and disposition proceeds. Net IRR for Class A interests is 9.4% and Class B interests is 12.7%. Combined net IRR for Class A and Class B interests is 4.2%.
(14) Represents gross assets, including leverage of \$353 million.
(15) Euro amounts were translated at 1.3184 U.S. dollars to 1 Euro in calculating totals.
(16) Includes separate accounts and a non-Oaktree fund.
